DESIGN

A MINI typical broad-shouldered stance, wide range of paint finishes and soft tops, astounding roominess and chrome trims any which way you look – as soon as you clap eyes on the MINI Cooper Cabrio, you may well be overcome by a strange “get-in-and-go feeling”. Don’t resist, just give in gracefully.

SAFETY

You take care of the driving, the MINI Cooper Cabrio will take care of you. Four airbags, Dynamic Stability Control (DSC), disc brakes on all four wheels, an “invisible” active roll-over bar, an ultra-rigid body and a dazzling array of other protection factors mean the MINI Cooper Cabrio is ideally equipped to overcome whatever road-going life has to throw at it.

ENGINE

A 1.6 litre engine with fully variable valve timing, rapid response and a six-speed transmission as standard – the adrenaline is pumping from the word go in the MINI Cooper Cabrio. And it’s good news for planet and pocket alike, with low fuel consumption and excellent CO₂ emissions compliance.

Fuel consumption combined (ltr/100 km) 5.7 [6.6]
CO₂ emissions (g/km) 133 [154]
Figures for automatic cars are shown in [].

OPEN-AIR DRIVING THRILLS

Above you, a soft top with a built-in sunroof function. In front of you, a champing-at-the-bit powerplant. Below you, a state-of-the-art chassis system that’s just begging for the next bend. Time’ll just fly by behind the wheel of the MINI Cooper Cabrio. Which is why the Always Open Timer was developed. This unique counter records how long you spend driving with the soft top down – for up to seven hours at a time (and the cumulated time is kept as well).
